Dear Members,

Most of us deal on a daily basis with Regulations and Directives proposed, discussed, drafted and published by the EU Institutions. Even if we work regularly with the published texts, we often don't know exactly how they came into life. ALJB has therefore invited a Luxembourg professional who is witnessing and contributing to the EU legislative process in order to give us an insight view on it.

Mr. Kremer will also have the opportunity to give us the latest news on the regulatory simplification process started by the Commission in the last weeks.
